Superintendent's Newsletter

Dr. Wayne F. Gersen

On Tuesday, Nov. 2, voters in Andover, Bethel, Greenwood, Newry, and Woodstock will receive an orange ballot at the polls. This ballot will contain one question: "Shall the school directors of School Administrative District No. 44 be authorized to issue bonds or notes in the name of said District for a school construction project for an amount not to exceed One Million Sixty-eight Thousand Seven Hundred Fifty Dollars (\$1,688,750) to construct a new elementary school to be located in Woodstock, Maine on land of Cleo Kerns on Rumford Avenue?"

The opportunity for taxpayers to vote on this issue is the result of hours of study by the Board of Directors of S.A.D. 44.

Two years ago the Board began developing a plan to improve the elementary schools in the district. Following months of review, the Board approved a plan that called for the replacement of the Woodstock Elementary School with a new building; the replacement of the Bethel Biscoe School by building an addition onto the Crescent Park School; and, renovation of the Andover Elementary School.

This plan was submitted to the State Department of Education who, following an inspection of our elementary schools, indicated: state approval and funding for the building project in Woodstock was likely; state approval and funding for the addition of the Crescent continued on Page Eight

Selectmen's Meeting
The Board of Selectmen met in regular session Monday evening, Oct. 11, in the Bethel Savings Bank meeting room and approved application from Mundt-Allen American Legion Post for a liquor license and entertainment permit. No comments were offered at the public hearing.

Guidelines for the safe of winter sand for the 1982-83 season were approved. Except for a new price of \$6.50 per loaded yard being set to cover additional costs of salt, they are the same as last year: provide for an assessment of \$10 should loading have to be done during the hours the Town Garage is closed, and request a percentage of the payment in advance based on estimated yards needed.

Elizabeth and Edward Wheeler who attended two earlier meetings on the subject, met with the Board to discuss drainage problems at a house they recently purchased on Tyler Street. Years of building up the road through resurfacing created a slope that causes water to run across the small front yard into the house. This problem was identified this summer when a Water District project removed sections of Tyler Street for water main construction. After weighing three possible alternatives, the Board opted to cause construction of an asphalt shoulder along the edge of the pavement until a more permanent solution can be financed.

The Board examined at length four alternatives proposed by Town Manager Bill Judson to deal with this winter's snow removal activities on the 17 miles of Bethel Village Streets. Normally the grader is used on the congested streets for its precise and efficient snow removal capability. However, the operator's departure this summer and the need to maintain service along already extended snow clearing routes in other sections of Town led the Board to decide to advertise for a qualified heavy equipment operator for the winter months until April 15, 1983. It was determined that this would be the most cost effective solution to the problem since, for example, it costs area towns that contract for snow removal a minimum of \$1,000 a mile.

Election Preparations
Absentee ballots are now available for the General Election of Tuesday, Nov. 2. Those who will be out of town or those who are in need of an absentee ballot for any other reason are requested to contact the Bethel Town Clerk

Voters will be marking three ballots for the upcoming election. Candidate balloting will select a U. S. Senator, a Governor, a U. S. Congressman, a State Senator, a Representative to the Legislature, a County Treasurer, a Registrar of Deeds, a Sheriff and a District Attorney. Upton**— Mrs. Arlene Bernier, Corres. —**

The Harbasses of Leroy, N. Y., are spending their vacation in their home on Mill Street which is the former Charlie Brown place.

The pastor was called to Vermont, and George Trembley, lay pastor, substituted for him.

Many of the camps were occupied during the holiday week end. Maurice Ellingwood and friend of Sumner called on his cousin, Margaret Mitchell, during the holiday week end.

We had our first frost Sunday night, Oct. 10. This must be a record for lateness of first frost for Upton—certainly for many years.

The red leaves have paled or left and the hills are yellow and various shades of green.

Sharon and Becky Tonkett made several calls on people in town, Friday.

More of our citizens have started on their Southern journey. Ellie Lecomte took Ellen Heywood on the first leg of her trip to winter quarters this week.

CARD OF THANKS

We would really like to thank everyone for all of their time and concern for us while Stan has been laid up, and helping us with crops, etc. Special thanks to Mr. and Mrs. Norman Morin and family, for coming during the weeks, weekends. Also our nephew, Timothy Paul Hebert, who gave up his weekends to help us out. Again lots of thanks for everyone's help and concern.

Our day at Fryeburg Fair on Oct. 5, was a grand day in every way. Many bus loads of Senior Citizens arrived and joined us. We saw a few races, ate clams, and chatted with friends. We went into the exhibition hall but there were so many ahead of us that we couldn't see much or move very fast so we exited. I am glad that Sunday was a fair day for all concerned. Now the fairs are all finished for 1982. The frost is on the pumpkins.

Clyde Knights and friend, Elsie, called on Joe and Eveline Vatcher Monday evening.

Mr. and Mrs. Joe Vatcher went to Danvers, Mass., Oct. 6, to bring Joe's mother for a few days visit with them. Mrs. Sue Stevens, Sumner, stopped on her way to the Lodgeview nursing home to give Mrs. Vatcher her insulin shots. Saturday in the heavy rain we took her back to the nursing home. Due to the heavy rain and wind in Massachusetts the leaves were nearly all on the ground.

(Tri-Town Ambulance & Emergency Rescue Service)

Tri-Town members are planning to take a mass casualty course offered at two locations this month. The first section is at Stephens Memorial Hospital Sunday afternoon, Oct. 17, from 1 to 4 o'clock. The second section is at Telstar High School on Sunday, Oct. 31 from 1 to 4 p. m. Tri-Town is expecting to learn what to do in the case of an accident involving more than six people. The course includes members from all area rescue squads as well as fire departments and hospital personnel. Hopefully by working together in a practice session, all units can operate efficiently, should the need arise.

The Auxiliary is planning to attend the Christmas in October Craft Fair at the Locke Mills Legion Hall. The ambulance personnel will be taking free blood pressures from 10 a. m. to 4 p. m. at the same location. Come and find out what your heart is doing and get a tour of the new ambulance.

Safety Tip of the Week—

In the case of a fire, remember to get out of the house first. Then call the fire department. A fire can spread very quickly and one should not attempt to put it out if there is any danger at all to any member of the household.

UNITED METHODIST WOMEN

The United Methodist Women held their monthly meeting on Thursday, Oct. 7, in the Church Annex. After the business meeting, Mansfield Packard entertained with a "magic show," which everyone enjoyed enormously. Delicious refreshments were served by the hostesses, Frances Saunders and Phyllis Dock.

The Abbott House, Upton, Maine, for the years 1896 to 1911. This was the gift of Mr. and Mrs. Willard Wight of Newry and Miss Helen Abbott of Woodhaven, N. Y. Margaret Joy Tibbetts, Chairman of the Society's Board of Trustees was announced as the next meeting's speaker. She will give a paper on Bethel during the Great Depression on Nov. 4.

The president reminded those present that the Society's Maine History Course would begin on Oct. 13.

Director Stanley Howe reported on the field trip to Portland's historic houses last month and on the recent acquisition of display cases by the Society from the State Museum.

Refreshments of cider and doughnuts and a social hour followed the program.

Letters to the Editor

To the Editor:

Upon reading last week's letter to the editor, I felt compelled to respond. I can't understand why a staunch Republican would want to meet the Democratic candidate for the Senate. If he really wants to meet Don Twitchell, I can arrange it. Don has been in Bethel five times within a month, and I've talked to him twice.

I too am a Republican but not a staunch Republican. I will vote for the candidate that is best qualified to fill the position and give his district the best representation.

Mr. Twitchell has TEN years of experience in Augusta, as a State Representative. When the people of his district need a voice in Augusta, he knows the people to call to get quick and positive results. A stranger to this inner circle gets put on hold. When I have a problem, I don't have the patience or the time to be put on hold.

I have known Don Twitchell for over 20 years. He is honest, hard working, humble, and protective of our Down East heritage. He will vote the issues in our behalf, be we Republicans, Democrats, or Independents.

I believe Mr. Noble to be a concerned individual, and with a few years in the House of Representatives, I feel he too would be qualified to be a good Senator. We need the clout of experience NOW, so again I urge you to give Don Twitchell OUR seat in the State Senate.

Sincerely yours,
Brad Barker

To the Editor:

A lot of people have voiced their opinion about all the concern and help Don Twitchell has done for the people he represents. I remember how much help he provided me when he was a representative, ABSOLUTELY NONE.

He was approached concerning whether or not a certain road in Albany was legally closed, and who was to provide maintenance of the road. The road had previously been maintained by a contractor until private citizens literally obstructed the road with snow, glass, logs, poles, etc. At this time, in the middle of the winter, the maintenance stopped because of the harassment. When approached for help, his remarks were—"Let them get out the best way they can!" We did the road was not legally closed and maintenance has been renewed by the

state with a contractor providing the service. My faith and support of Mr. Twitchell ended then and there.

It was with the help of the Republican representative, Karen Brown, who doesn't even represent this area. If that's the kind of help he gives as a state senator, forget it! I believe in voting for the kind of job the candidate does, not the party. I'll give my vote to someone I feel will help and cares, Mickey Noble.

Walking With Jesus Christ

Quite a difference between these two sayings—God helps those that help themselves—and—God helps those that help others.

In the first case, it's "I will," while the second is "God's will" as in the Lord's prayer—Matt. 6:10—"Thy kingdom come, Thy will be done in earth, as it is in heaven." In John 6:38—Jesus prayed—"For I came down from heaven, not to do mine own will but the will of him that sent me." 39—"And this is the Father's will..." David, centuries before wrote—Psalms 50:8—"I delight to do thy will, O my God; yea, thy law is within my heart."

Throughout the life of man and woman there's a constant struggle—man's will versus God's will.

As Jesus Christ carried out God's will—Matt. 26: 36-39—"unto a place called Gethsemane" to pray, as it were, droplets of blood—"O my Father, if it be possible, let this cup pass from me; nevertheless, not as I will, but as thou wilt." Jesus knew that for a while he would suffer separation from God as he took upon himself the sins of the whole world—including yours and mine—that through his willingness to die on the cross he would defeat Satan, the enemy of our souls—and thereby bring victory to those that would recognize Christ as their Savior—and Lord.

Hebrews 10—twice we read—"Then said I, Lo, I (Jesus) came

to do thy will, O God." Yes, Jesus came as a sacrifice—vs. 14—"For by one offering he hath perfected forever them that are sanctified." 17—"And their sins and iniquities will I remember no more."

It is the will of man that has brought this world to the low level of esteem we find ourselves in. The people of the world even today—just as the Israelites of old who saw the miracles of God—refusing to carry out the Law of Moses, the will of God—caused God to come to earth—Jesus Christ—in human form, in a fast ditch effort to bring man into a righteous condition.

Man still has the choice—by his own will to accept or refuse the offer of God—by repentance, forgiveness of our sins—if we ask—"For all have sinned, and come short of the glory of God." Romans 3:23. We can if we choose—accept Christ as Lord of our lives, to serve him and do his will—to read the Bible, pray and joining with like believers—who will forever be in God's will.

THIS WEEK AT THE MOSES MASON HOUSE

Crescent Park School third graders in the classes of of Shirley Merrill and Barbara Ferguson visited the Moses Mason Museum and have Bethel Historical Society Director Stan Howe explain its significance for life in Maine 10,000 years ago.

Foliage tours and others stopping to visit the Museum recently have included visitors from throughout the nation. One visitor this week was Jacquelyn F. Wilson, Director of the Historical Society of Southern California, in Los Angeles, who was particularly interested in the nature and extent of the Bethel Historical Society's school programs and oral history collections.

Readers of the Society's newsletter "The Bethel Courier" will be interested to learn that Emeline V. Heath's article in the December 1981 issue of the "Courier" has been cited and quoted briefly in an article on historical society newsletters in the current issue of "Maine History News."

Greenwood City - Newry

- Mrs. Colista Morgan, Corres. -

Quite a lot has happened since I last wrote. This is the one on which I will write. On Monday we decided to go to North Haven for a few days. So Tuesday morning we drove from our yard at 5:30, and were on our way. We had the promise of good weather, but as we left, the sky was milky-pale with universal tissue of clouds and fog. The light was ever changing and rose against mosses of soft gray clouds with silver edges.

We soon began to see plainly the color and grace of the trees. Branches in clusters flecked their bit of dappling green and gold. They were like ladies in dazzling groups, slender, waving gilded fans, swishing their autumn robes. They bent their snow white necks and the sun caught the glint in their hair. They were only a few, mingling with color everywhere.

It was a nice trip all the way to Rockland, where we boarded the ferry for the Island. This crossing took one hour and 10 minutes.

There were the familiar sights which greeted us on our 12 1/2 miles of water. Mile upon mile, out of the sea the mountains reared their green and colored shoulders, small islands, many of which we have visited over the years, stood as always with heads erect.

Lobster boats and buoys were dots on a bowl of blue.

As we approached the Island through the Thoroughfare, it seemed more like an island river, long and narrow, a protection from wind in every quarter, with a narrow entrance at either end, so that no outside seas reach it. A beautiful passage between Vinalhaven and North Haven.

Each time I go I am convinced that it's an exceptional place. The reasons? Beauty is one feature, views from different places are ever changing; friendliness is another feature, always greeted by a wave, a smile, or an exchange of words.

I visited the library while there and read some of the interesting facts about the Island. One that captured my interest was about President U. S. Grant who was on the Island Aug. 15, 1873 when the fury of a storm hit and did not abate at night. So he and his party of 26 had to remain and found refuge at what was then known as the Historic Mullin House or Haven Inn. The register contains these names: President U. S. Grant, J. G. Blaine, H. Hamlin, A. S. Washburne, S. Perham, Governor of Maine, and U. S. Grant Jr. Sixty years later F. D. Roosevelt and his party arrived on the Amberjack II, came into Pulpit Harbor and anchored in Cabots Cove, July 23, 1933. The resident who had the Grant Register was permitted to go aboard. He showed President Roosevelt the register and the President gladly signed his name and those of his party.

I had heard of this visit for my sister lived there at the time and joined others to see and to listen to the band of welcome.

We had perfect beach weather and went each day to gaze at the limitless horizon of sea and sky, watch the ducks and loons, and smell the fragrance of the balsam baked from the trees by the sun and mingled with the odor of the sea. The tide lapped against the rocks then swished in recession. The sound is the most time-effacing sound there is. The years can roll as you close your eyes to listen. There were scenes where I "fell apart" with memories of the yesterdays.

I enjoyed the flowers, roses, asters, and others. The Sea Mertenias was the most uncommon and interesting.

So the days quickly passed and Friday we were on our way home, leaving our friends we had enjoyed so much and our home trip was beautiful and pleasant.

One day I turned back just a year and went to the farm fields, this time alone, and sat and looked at the valley, the mountains, and the color. But I remembered plainly, as if it was yesterday, her voice repeating these lines by Stanley Foss Bartlett:

"There's a whisper in the woodland, There's a murmur in the brake, There's a scarlet gypsy maple Dancing by the mirror lake."

Two Telstar school records were set in the game. Senior tri-captain Chris Mills picked up his sixth career assist to become the Rebels all-time assist leader. And the Rebel team fired 45 shots at the Winthrop net to set a new school record for shots in a single game.

Josh Putnam began the scoring at 11:44 of the first quarter on an assist by Shawn Smith. Then 15 seconds into the second quarter, Smith scored from Putnam.

The half ended 2-1 when John Hall converted a penalty shot for Winthrop.

Steve Jones of Yarmouth gave the Clippers a 2-0 half-time lead with one goal in each of the first two periods.

Then just 50 seconds into the third quarter Bruce Barth converted a penalty kick to put the score at 2-1. But Yarmouth answered with two third quarter goals to run the score to 4-1 at the end of three periods.

In the fourth quarter Barth tallied his ninth and tenth goals of the season to end the scoring at 4-3. Chris Mills added his seventh assist of the season on Barth's second goal.

Eric Clements was cited for a good defensive game and Bob Myers contributed a great game in the mid-field.

Shots on goal stood at 23-23 as each goalkeeper made eight saves.

The loss leaves the Rebels with a 5-5-1 record with three important games remaining in the schedule.

Northwest Bethel

— Clarice Gibson, Corres. —

Columbus Day week end and as the owners of the campgrounds where we stayed put it, the people were out for the last fling of summer. It was also a lovely Sunday and Monday. (Saturday and Friday were miserable.) The leaves were at their height and after the rains; Sunday we had a captivating ride home from Freeport but the colors seemed more varied from South Paris home. The 1st Frank called home to say we would be heading out with the camper Sunday. Needless to say that meant a lot of running around to get things ready by Sunday. My folks were coming for apples, to play cards, and supper Saturday afternoon. We were already to pull out when we found we had no brakes for the camper. After an hour's looking we found the problem and headed down the turnpike for Hampton Falls, N. H. to park in the Pever's yard. Frank's mother, Thirza Gibson, had had a stroke and also her 89th birthday was October 13. She would love to hear from any of her Bethel friends and her address is: Mrs. Thirza Gibson, Drinkwater Drive, Hampton Falls, N. H., 03844. We stayed there until Thursday and headed out for Freeport. We found a lovely camping area about four or five miles from L. L. Bean's on Flying Point. We were told on a clear night one could see the ferry lights as they headed for Nova Scotia, Canada. It didn't clear until we headed out so we didn't see it. After getting settled we hunted up Jim, who gave us directions to his apartment, Coyte St., Portland. This is not too far from the waterfront off Route 1 and away from the congested area, but near enough to get to easily. Friday Jim, Sue and Heather came for supper and we then all went to L. L. Bean's store. I think it was about 20 years ago we were there and we were amazed at the changes. George took care of things here at home when we were away; but, as soon as we were home George and Frank had pears and apples to pick. Oh yes, on the way home we stopped at my nephew's, Mr. and Mrs. Ben Tucker III and Ben IV's in Oxford. Ben III asked if it was a rest stop or coffee break and we answered both. In the late afternoon my brother, Dan Allen, Shiril and Jacob George came for a visit. Now have to get laundry done and see what is left in the garden. It was 30° last night so think we probably finally got a frost.

Judy and Stacey Williams, Harrison, spent the week end with their father, Bill and Dolores Williams. Sunday dinner guests were also Ted, Andy Williams and children, Sean and Jenny of Standish.

The 3rd, Mr. and Mrs. Ernest Angevine and Betty Blake, went to Colebrook, N. H., to visit his brother, Johnny, Connie Angevine and family. They also stopped at Ernest's sister, Kay Ackert, Colebrook, N. H. Wednesday Ernest and Alberta joined Johnny, Connie Angevine and friends at Fryeburg Fair.

Saturday Mr. and Mrs. Victor Coolidge and girls went to Fryeburg Fair.

Pat Anderson and Adrienne Galant left Friday afternoon for Lennox, Mass., where they attended a seminar at Stephens School of the Bible. They arrived home Sunday and Pat said the trip home was beautiful.

Brian Anderson, son of Mr. and Mrs. Steve Anderson, was 11 on Oct. 11. His friend, Raymond Tuttle, spent the night of Oct. 10. The 11th Steve's aunt Elizabeth took the Anderson family and Raymond out for a birthday breakfast for Brian.

Mr. and Mrs. Teddy Benson, son Eric; Mrs. Benson's father and mother, sister and niece, stopped at Teddy's (Frank Jr.) parents Sunday.

Sylvia Benson, Joan Coolidge

and Almira Pratt went together on the Senior Citizen trip that returned Oct. 6. They spent some time at Provincetown, N. H. Also went into Massachusetts where some of their stops were Plymouth Rock, Plymouth Plantation, Mayflower and Cape Cod. They stayed overnight at Bradford Manor. Sylvia said that Herb and Edie Lyons were also on the bus. Glad to hear that Herb was well enough to take the trip.

Sunday visitors of Dr. and Mrs. Leonard Shaw were Peter Keniston and friend Stacy, Farmington, Mr. and Mrs. Meyer Lougee, coming through from Montreal, Can., to visit their child at Gould Academy; also Glenn and Martha Bangs, Hermon.

Saturday Virginia Keniston and grandchildren, Deanne, G. M. and Jonathan Bangs and Jody and Heath Keniston, came to visit her daughter, Becky Shaw and twins. In the evening, Dr. and Mrs. Leonard Shaw went to Postively Main Street, where her cousin's band, Top Shelf, was playing. Monday, this cousin, Andy Davis and bride visited the Shaws.

Mr. and Mrs. Lester Butters had Flora Larivee, her daughter, Barbara Tappin and grandson, Greg, of Manchester, N. H., as guests Friday to Saturday. Sunday, afternoon the Butters went to Lovell and picked up Marion Hodgerson and they went on a foliage trip.

Frank and Sylvia Benson went on a trip through Evans Notch and visited the basin for a foliage trip. They said that they had a beautiful trip.

Mr. and Mrs. Frank Aylward had just returned from a trip to Cape Vincent, N. Y., Thousand Island area. Evelyn Aylward's cousin's boy, Herbert Christianna and family, have just opened a restaurant. Herbert's mother, Katherine Christianna, is pastry cook at the restaurant. They also visited Frank's nephew, George Remiller. They came back through the Adirondacks.

Evelyn Hillborn arrived home Sunday after a three weeks' trip to Ontario, Canada, where she stayed with a friend, Ellen Tuck. Ellen and Evelyn visited Ellen's sister in Peterborough. She also visited her cousin, Evelyn Bownling. Evelyn took her dog, Toby, with her for the first time.

Homer, Edie and Andy Smith, and Brent Bachelder went to Fryeburg Fair Saturday. Edie is having a vacation this week.

HOME ENERGY WORKSHOP ON FUEL AND ELECTRIC BILLS

The Energy Extension Service is offering a workshop to the public to demonstrate ways to lower home fuel and electric bills.

The Home Energy Savers slide presentation shows simple, cost-effective steps to increase the efficiency of space heating, water heating and appliance use. Taking these steps can lower a household's energy bills by as much as 60%.

Richard Ray of the Energy Extension Service feels that the workshop is very important this time of year. "During the fall homeowners start tightening up their homes," Ray adds, "this workshop covers techniques that make the homeowners efforts more effective."

Come with your energy questions. Discussion of specific energy related problems is encouraged.

The workshop will be held at the Grange Hall in Bryant Pond at 7 p. m. on Tuesday, Oct. 19. For more information call S.A.D. 44 Adult and Community Education, 824-2136.

"I CAN COPE" CLASSES FOR CANCER PATIENTS AT STEPHENS HOSPITAL

Due to improved treatment techniques, cancer, in many instances can be considered a chronic (of long duration, not always fatal), disease having a significant impact on patients and those close to them. Whether in remission or receiving treatment, those who are living with cancer deserve attention to their psychological, social and economic needs.

In an effort to meet these needs the Stephens Memorial Hospital Health Education Team is sponsoring another "I Can Cope" series Tuesdays and Thursdays, Oct. 19 through Nov. 10, 6:00 p. m. to 8:00 p. m. at the hospital.

According to the President of Stephens Medical Staff, Dr. Rakesh Andalkar, "the 'I Can Cope' classes are making a big difference in how patients and families are accepting the day-to-day challenges of living with cancer. The quality of the life they experience is greatly improved through a better understanding of their disease and its many implications."

The Oxford Hills Internal Medicine Group of Drs. Medd, Ware, and LaCombe, who treat a large percentage of cancer patients in the area, strongly recommend the classes to their patients and families.

"Although experiencing difficult times, there is much to live for and each day must be lived as a gift—the 'I Can Cope' program helps those affected by cancer to adopt this kind of positive attitude."

WOODSTOCK HISTORICAL SOC. VIEWS SLIDES;

OBTAINS GRAND PIANO

At the last meeting of the Woodstock Historical Society members enjoyed a presentation of postcards projected by Glenn Brooks. The slides included lake, rural, and street scenes of Bryant Pond village. The audience took great delight in identifying many familiar landmarks.

During the business program President Mary Billings appointed the following committees: Research, chairman, Ruby Emery; Building, Glenn Brooks, chairman; Robert Billings, Ralph Hoyt, and the three trustees. On a suggestion by Vice President Hazel Brooks, the group agreed to have a craft sale for Christmas.

The outstanding donation for the month came from the Bellmont House family: a superb grand piano of mid-19th century vintage that used to grace the Old Jap Tea Room in Bryant Pond. This instrument will be the focal point of the Society's antique collection for many years to come. As far as is known, no other Society in the area has a comparable piece. Many other donations of pictures and articles also came in from Hazel Brooks, Mr. and Mrs. Ralph Hoyt, Ruby Emery, Olive Davis, and Mansfield Packard. The enthusiasm of members for giving to the collection in recent months is rapidly making it a truly enviable selection of Woodstock memorabilia.

SUPERINTENDENT'S NEWSLETTER

Park School was likely within a five year period; and state approval or funding for the Andover Elementary School renovations was unlikely, since that building was both educationally and structurally sound.

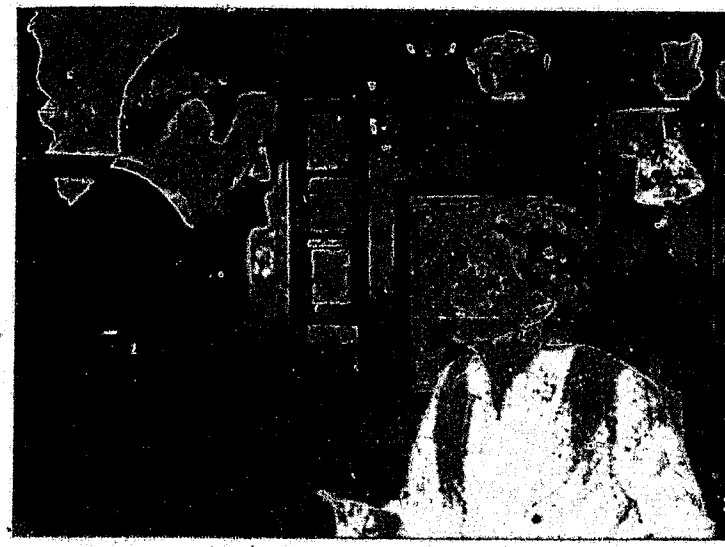

After receiving this information from the State Department, the S.A.D. 44 Directors voted unanimously to develop a building concept for the Woodstock school, and submit the concept to the State Board of Education for their approval.

Subsequently, the Board hired an architect, identified the property for the school building, and developed a floor plan for the new school. In July, the State Board of Education approved the S.A.D. 44 concept for a new school in Woodstock, and authorized the district to conduct a local referendum. In trying to decide how to vote on the referendum in November, the primary concern to taxpayers in S.A.D. 44 is the cost of the project. Under the State Finance Act, S.A.D. 44 will be required to use local funds to pay 5% of the total project costs. Since the total projected budget for the new Woodstock School is \$1,125,000, 5% of the project cost is \$56,250. Thus, the total local share for each of the five towns in the District is: Andover, \$9,423; Bethel, \$21,108; Greenwood, \$9,497; Newry, \$5,214; and Woodstock, \$11,188. This local share can be raised over the life of the project, approximately two years, and will be incorporated into the annual budget assessment. The balance of the building cost, \$1,068,750, will be raised through the sale of bonds or notes. Since the cost of these bonds and their interest will be reimbursed by the state, due to S.A.D. 44's relatively low valuation, the \$56,250 initial investment represents the total cost to S.A.D. 44 taxpayers for the new school in Woodstock.

If voters of S.A.D. 44 are willing to make this \$56,250 investment, the district will save a quarter of a million dollars in operating costs in the next 20 years, \$250,000 of local property tax that will not be needed. This \$250,000 savings will be realized because S.A.D. 44 will save 7,500 gallons of fuel oil per year and at least \$90,000 in maintenance costs over the next 20 years.

A yes vote on the orange ballot on Nov. 2, will enable S.A.D. 44 to replace an older, energy eating building with a new, safe, energy-efficient building. A yes vote on the orange ballot on Nov. 2, will save over \$250,000 of local property tax for the next 20 years. A yes vote on the orange ballot on Nov. 2 makes and saves dollars.

DEMOCRATIC CANDIDATES GUESTS AT SUNDAY COFFEE

A coffee was held at the home of Sue Farrar on Sunday afternoon for Governor Brennan, Democratic candidate for re-election; Rep. Donald Twitchell, who is running for District 5 State Senate seat, and Emily Saunders, who is a candidate for the Legislature, District 63.

They have elected him twice to the Executive Committee of the National Governors Association. He is also chairman of the New England Governors Association. Through these organizations he is working for Maine by encouraging the states to seek common solutions to shared problems.

Emily Saunders, who served in the 106th Legislature, is actively campaigning throughout the District—her concern for Senior Citizens legislation has always been a priority and since attending the Blaine House Conference is even more involved—Environment and Energy are also priorities. She was a member of Human Services and Public Utilities Committees, while in the Legislature.

Rep. Twitchell is known for his constituent service which goes far beyond the call of duty and way beyond "district lines."

NOBLE SAYS CATCH-UP COSTLY

Alanson "Mickey" Noble, candidate for Senate District 5, says that Maine's highways need immediate attention. Forty-three percent of Maine's municipalities responding to a survey have indicated highway funding to be the number one issue. Noble says, "decaying highways are one impediment to economic growth in Senate District 5."

Identically, the State should be repaving 850 miles of highway a year but is presently able to fund only 600 miles. MDOT revenues must increase, says Noble, "and I see the user fee concept as the most equitable way to go." The fact that 25% of the funding from this source would come from non-residents who use and enjoy our state makes this concept of raising the necessary monies the most acceptable.

Senate District 5 should have its fair share of the 50,000 new jobs that are predicted by the Maine State Planning Office in this state by 1990, and better roads are needed if this is to be the case. Tourism, a clean and non-consumptive industry, which is underdeveloped in Senate District 5 would also be encouraged by good roads Noble says.

Citizens are invited to attend tonight's (Thursday, Oct. 14) public information meeting in Odeon Hall on Community Development Block Grant program, now being administered by the state. There will be no attempt to persuade or cajole; the sole purpose is to provide information to use in the future should the Town decide to prepare or decline application to the program. Steve Myers who is with the Androscoggin Valley Council of Governments will be the guest speaker. Odeon Hall will open at 6:45 p. m.

The Board of Selectmen will meet next on Monday, Oct. 25, at 7 p. m. in the Bethel Savings Bank meeting room. The first agenda item will be a discussion of the material condition of the Town's roads and bridges that will involve the first use of data derived from the new Pavement Management System.
